Student Information:

Student Name (Last, First):	Major:
Semester / Year that you took / will take Bio 251:	Sem / Year that you will complete your project:
Semester / Year that you intend to take Bio 480:	Sem / Year that you intend to graduate:

Mentor Information:

Edgewood Mentor Name:

Project Information:

Project Title:

Venue - Please check a box next to one of the following, then elaborate as necessary:

	Edgewood Course	Course #:	Credits:
	Edgewood Ebben Fund Project	<input type="checkbox"/> Ebben proposal has been submitted <input type="checkbox"/> Ebben proposal has been approved	
	Edgewood project not affiliated with a course or Ebben Grant	Describe:	
	Off-campus research	Describe:	

Project Funding:

	Edgewood BioSci Funding	
	Ebben Fund	Amount proposed or awarded:
	Other funding to student / mentor	Describe:

Type of project:

	Laboratory or Field Research
	Applied Biology
	Review paper

Project Outcome:

Output of the project (not including Bio Seminar... paper, off-campus presentation, etc.):
Other agreements between student and mentor that the UgR Coordinator should know about:

Signatures:

I understand the goals and requirements of the independent undergraduate research requirement for the Biology Major at Edgewood College.
I agree to take personal responsibility for my undergraduate research project.
I will consider and follow standard practices for scientific ethics, including the ethical treatment of animal and human subjects, and also ethical collaboration within in our community of science.
My research mentor has approved my project and the provisions listed above.
